**Dear colleagues,**

We are pleased to announce that the Telangana State Chapter of IRIA (TS IRIA) and Kamineni Hospitals, L.B Nagar is jointly organizing a two day conference: **"ADVANCED JOINT IMAGING AND MUSCULOSKELETAL INTERVENTIONS"** on **November 16-17, 2019** at KAMINENI ACADEMY OF MEDICAL SCIENCES/ KAMINENI HOSPITALS, LB Nagar, Hyderabad, Telangana.

The health and fitness industry is witnessing a tremendous growth and is the biggest boom of the era. Young and old, men and women are becoming more and more fitness enthusiasts doing 5k and 10k walks, marathons, cyclathons, mountaineering etc. Musculoskeletal radiology started flourishing hand in hand with the fitness industry. Earlier musculoskeletal radiology was mainly catered to neoplastic, congenital and metabolic disorders. The present day radiologist has to deal with the lifestyle problems of the fitness enthusiasts on a day to day basis.

The theme of this conference has been carefully chosen to keep abreast with the latest trends in this rapidly developing field. This conference aims to provide comprehensive imaging of major joints of the body. The conference includes a hands on ultrasound workshop and a first of its kind cadaveric workshop on musculoskeletal interventions by the best of national and international faculty. The conference will also host a trade show with vendors in the industry showcasing their latest equipment.

We are honored to invite you to participate in this conference. Come fall in love with Hyderabad and musculoskeletal radiology.
